Dear Mr. Harkness:

On behalf of the Board and staff of the Child Advocacy Center and the abused and molested children we serve here each day, we want to thank you very much for donating the 150 wine glasses we used on Monday, July 28th at our **2014 Cheers To Children** fundraiser at Café 615. We know that our wine tasting wouldn't have been possible without the use of your wine glasses, and we thank you very much.

As the Mobile community response to the problem of child sexual and severe physical abuse, the Child Advocacy Center attempts to provide a wide range of services for these special children and their non-offending family members. They come to us in their hour of crisis, and here, in this beautiful, child-oriented facility, we have 28 professionals from 8 different agencies working together to help them. "Under one roof" we very quickly can help these children and their families begin the healing process that they so desperately need. A brochure describing our services in detail is enclosed.

Again, many thanks for your generosity and for being such a wonderful friend to the Child Advocacy Center!

Sincerely,

Patrick F. Guyton
Executive Director
